

Sales ledger management

SERVICE FOR SUPPLIERS

Description: Do you want to focus on your business and not lose time collecting receivables? Do you want to avoid bothering your customer business relationships with dunning procedures? Do you want to enjoy the benefits of **professional management and a high-quality electronic system**?

✓ SALES LEDGER MANAGEMENT IS THE RIGHT CHOICE FOR YOU IF:

- the administration associated with the management of receivables is a **burden for your company**;
- you wish to separate the business relations with your customers from the **dunning procedure**.

✓ HOW DOES IT WORK AND WHAT CAN WE DO FOR YOU?

- Contact our **sales representative**.
- Once we conclude the **receivable management and collection agreement**, we will propose an electronic solution to be able to manage your receivables.
- We will **dun your customers** in the agreed manner and **inform you of the status of your receivables**.
- High-quality management of receivables **accelerates turnover and unburdens your employees**.
- This service does not require you to assign receivables to UniCredit Factoring.

✓ PRICE FOR THE SERVICE

The price for receivable management and collection consists of the **administrative fee** expressed as tenths of a percent of the receivable being assigned. An invoice is issued for the customer at the end of each month.

Solutions that matter.
